

# SEE YOURSELF IN STEM

## STEM Week 2024 at Bristol Community College

STEM careers and industries are vital to the Massachusetts economy. STEM Week is an opportunity to highlight these career opportunities and the pathways that students can take to thrive in these jobs. This year's STEM week theme is "STEM starts now."

### MON 10/21 *STEM Alumni Panel*

Noon to 1 p.m. | Virtual via Zoom

Join us for a virtual panel discussion with Bristol STEM alumni as they share their stories of success and discuss how their experiences at Bristol have helped shape their STEM pathways.

### TUE 10/22 *Global Warming and Climate Change: A Panel Discussion*

11 a.m. to Noon | Attleboro Campus

Join us for a conversation with representatives from the Massachusetts Department of Environmental Protection (MA DEP) and Bristol's Professor Robert Rak as they discuss the Global Climate Solutions Act and the current impact of climate change in Massachusetts.

### WED 10/23 *STEM Movie Night: The Immortal Life of Henrietta Lacks*

6 to 9 p.m. | Taunton Center

Join us for a night of fun at our Taunton Center for STEM Movie Night! Enjoy an engaging, STEM-related film, while connecting with fellow students and faculty. Refreshments will be provided!

### THUR 10/24 *Speaker Event: Dr. Dan Gries – The Use of Mathematics and Coding to Create Art*

11 a.m. to Noon | Fall River Campus, H209

Join us for an engaging STEM Week presentation that goes beyond STEM disciplines to explore how mathematics and coding can be used to create incredible works of art! Dr. Dan Gries, a Mathematics and Computer Science educator and artist from New Haven, CT, will share how he blends his background in math with his knowledge in coding to produce stunning digital prints, pen plotter images, physical installations and more.

### THU 10/24 *Speaker Event: Professor David Amiel – Women in Astronomy*

6 to 7:30 p.m. | New Bedford Campus, NB-25  
(Community Room)

Join us for an inspiring STEM Week presentation by Bristol Professor David Amiel, as he highlights the stories, achievements and contributions of women in the field of astronomy.
